O R D E R

On December 21, 1999, in Case No. 99-070, the Commission approved certain adjusted rates for Western Kentucky Gas Company ("Western") and provided for their further adjustment on a quarterly basis in accordance with Western's gas cost adjustment ("GCA") clause.

On March 29, 2001, Western filed its GCA to be effective May 1, 2001 through May 31, 2001.

After reviewing the record in this case and being otherwise sufficiently advised, the Commission finds that:

1. Western's revised notice proposes rates designed to pass to its firm sales customers an expected wholesale decrease in gas costs. Western's expected gas cost ("EGC") for firm sales customers is \$6.8740 per Mcf, a decrease of 36.02 cents per Mcf from the previous EGC of \$7.2342. The EGC proposed for high load factor ("HLF") firm customers is \$6.0229 per Mcf. Western also proposes to pass to its interruptible customers a wholesale decrease in gas costs. Western's proposed EGC for interruptible sales customers is \$6.0229 per Mcf.

2. Western's proposal set out a current period refund adjustment ("RF") of .05 cent per Mcf. The total refund factor of 1.22 cents per Mcf for firm sales customers and HLF customers and 1.22 cents per Mcf for interruptible customers reflects adjustments from previous months. Western's notice set out no refund adjustment for T-2 firm and T-2 interruptible transportation customers.

3. Western's notice set out a correction factor ("CF") of \$1.4216 which will remain in effect until November 1, 2001. The CF is designed to collect net under-collections of gas cost from the six-month period ending January 31, 2001.

4. Western's notice sets out a Performance Based Rate Recovery Factor ("PBRF") of 6.02 cents per Mcf to be effective for the 12-month period beginning February 1, 2001.

5. These adjustments produce gas cost adjustments of \$8.3436 per Mcf for firm sales customers, \$7.4925 per Mcf for HLF customers, and \$7.4925 per Mcf for interruptible sales customers. The impact on firm sales customers' bills is a decrease of 7.35 cents per Mcf from the previous gas cost adjustment of \$8.4171.

6. The rate adjustments in the Appendix to this Order are fair, just, reasonable and in the public interest.

IT IS THEREFORE ORDERED that:

1. The rates in the Appendix to this Order are fair, just, and reasonable and are approved effective for final meter readings on and after May 1, 2001.

2. Within 30 days of the date of this Order, Western shall file with the Commission its revised tariffs setting out the rates authorized in this Order.

Done at Frankfort, Kentucky, this 30th day of April, 2001.
